Saturday, 26th October and Sunday, 27th October at 2pm

This play, directed jointly by Maurie Dow and David Underwood, centres on Halpern (Nicolaas Voorendt) & Johnson (Martin Wright), two elderly men, who loved the same woman. Sadly, dear old Flo has recently passed away, but unbeknown to Halpern, his wife has had an on-going, life-long friendship with a former lover, Johnson, who turns up to introduce himself for the first time on the day of Flo's funeral as 'Florence's friend'. It's a lovely premise, two old blokes who seemingly only have one thing in common - the woman they loved.

Star of Wormwood

Presented by BYTE (BackYard Theatre Ensemble)

“ This moving story is a piece of contemporary musical theatre, told through the use of elements of physical theatre, puppetry, dance and original music. ”

Star of Wormwood is a new theatre piece by Joachim Matschoss with music by Matthew Baker that deals with the issue of prejudice.

Presented by BYTE (BackYardTheatreEnsemble)

It tells the story of a High school student of today researching the life of Mary Webster, a woman accused of witchcraft in 1680.

The student becomes so fascinated by her topic that time and space become irrelevant and she suddenly finds herself centuries ago on a hill in desolate surrounds talking to Mary Webster.

On a bare stage, the empty space is soon occupied by a strange mix of characters, all part of a shadow world. They share their thoughts, their innermost feelings, longings and desires. This play is based on a true story, researched from articles, interviews and snippets of reality.

Star of Wormwood will tour South Australia, ACT and rural Victoria and finally a short season at the Lawler Theatre in Melbourne. The production will then tour Europe and Singapore in January 2014.
